

# STAR BUILDER Company Profile

## Our Story:

Starbuilder is a sister company to Golden Hands Carpentry, which was established in 2013. Building on the solid foundation of Golden Hands, Starbuilder was launched to expand our capabilities in delivering premium fit-out solutions, including fabrication and installation for special wooden doors, kitchens, wardrobes, custom aluminum and glass solutions.

Although we now operate under the Starbuilder name, we continue to work from the same trusted workshop with the same skilled craftsmen who helped build Golden Hands' reputation. At Starbuilder, we uphold the same commitment to quality and craftsmanship while offering a wider range of services to meet the evolving needs of our clients.

## Our Mission

We aim to deliver tailored fit-out solutions, combining premium materials with skilled craftsmanship to create functional, beautiful spaces that meet our clients' needs while ensuring quality and satisfaction.

## Our Vision

To be a leading fit-out provider, known for our craftsmanship, innovation, and expertise in wooden doors, kitchen installations, and custom interiors.

## Our Services:

### Doors:

Custom-made wooden doors crafted with top-notch quality and unique designs.

### Kitchens:

Smartly designed, modern kitchens tailored to meet every client's needs.

### Cabinets:

Durable and stylish cabinets designed for both residential and commercial spaces.

### Customization Options

Emphasize the use of high-quality materials and the ability to customize based on client preferences.

## Other Services:

### • Ceiling & Partitioning

We install a variety of ceiling and partitioning systems, from suspended ceilings to drywall partitions. Our solutions improve acoustics, lighting, and aesthetics, tailored to meet both residential and commercial needs.

### • Flooring Solutions

We offer a wide range of flooring services, including hardwood, laminate, and tile installations. Our expert team ensures precision and quality in every project, providing flooring that complements the overall design of the space.

### • Lighting & Electrical Fit-Outs

We provide specialized lighting design and electrical fit-out services. From ambient lighting in homes to energy-efficient solutions in commercial spaces, our team ensures proper installation for both functionality and aesthetics.

## Why Choose Us:

- Proven expertise in specialized wooden doors, kitchen and Glass & Aluminum Installations.
  - High-quality materials and attention to detail in every project.
  - Tailored designs that meet both aesthetic and functional requirements.
- Experienced craftsmen dedicated to delivering precision and quality

# Why Choose Us:
